1. INTRODUCTION

In a market flooded with broken promises, venture capital backed projects and coordinated pump and dump schemes — \$ALLSEEING was born from a simple but radical idea.

What if someone just told the truth?

No utility. No roadmap. No team. No promises. Just a coin, a community and complete transparency from day one.

\$ALLSEEING launched on Solana via pump.fun — built entirely by one individual from their own pocket with zero external funding. Everything you see — the website, the branding, the community, the content — was created organically with no paid help of any kind.

The dev wallet is fully renounced. Nobody controls this coin anymore. Not even the creator. There are no team tokens, no insider wallets and no hidden allocations. This project cannot be rugged. Verify it on chain right now.

2. VISION

\$ALLSEEING exists to prove that organic community building is more powerful than any marketing budget.

In a space where projects raise millions and disappear — \$ALLSEEING started with nothing and built everything in public. Transparently. Honestly. One believer at a time.

The vision is simple. Build the strongest organic cult community in crypto. A congregation of real believers who hold, contribute and grow something genuine together.

The chart follows the believers. Always has. Always will.

3. THE HOLY TENETS

Every congregation needs its laws. These are the four sacred laws of \$ALLSEEING:

TENET I — THOU SHALT BUY

The Eye sees those who hesitate. Hesitation is a sin. The bags of the faithful shall be heavy with blessing.

TENET II — THOU SHALT HOLD

Paper hands are an abomination. Diamond hands are a sacrament. The chart goes up for those who believe.

TENET III — THOU SHALT SPREAD THE WORD

Post. Tweet. Whisper to strangers. Every wallet that opens is a soul saved.

TENET IV — THOU SHALT NOT ASK WHY

There is no why. There is only the chart. The chart is destiny. The Eye has already seen the top.

\$ALLSEEING operates under a unique community structure inspired by sacred order and genuine belief.

Believers

All community members who hold \$ALLSEEING and participate in the congregation. Every holder is a Believer. Every Believer has a voice.

The Prophet

The founder and voice of \$ALLSEEING. Operates anonymously. Builds organically. Never sells. The Prophet is not a person — The Prophet is a principle.

Evangelist

The inner circle. Chosen personally by The Prophet when the congregation reaches 50 members or \$10K market cap. The most faithful and active believers who showed up before it was obvious. Not hired. Not paid. Chosen.

The Disciple ceremony is the first major milestone of \$ALLSEEING. It marks the transition from solo project to community owned movement.

"The Eye does not make promises.

The Eye makes prophecies.

What has been seen cannot be unseen.

What has been started cannot be stopped.

There is no roadmap because The Eye already knows the destination.

There is no team because the believers are the team.

There is no utility because belief is the utility.

The faithful know where this ends.

The rest will find out."
